Missions

Ready, Aim...Fun!

WHAT IS BATTLEFIELD LIVE?

You've played your favourite PC/game-console combat game ("Medal of Honor", "Call of Duty", Halo) .. you've seen the films ("Aliens", "Starship Trooper", "Doom") .. now experience a "live" video combat game .. face-to-face with real, live opponents. The Battlefield Live game is the latest in fun-oriented, outdoors, combat simulation. It's exercise and entertainment rolled into one.

Player's guns shoot an invisible and harmless beam of infra-red light (just like your TV remote). There's great light and sound effects when you fire and get hit.

Battlefield Live has been dubbed "Electronic Paintball" ... BUT ...

- It's safe and there's no mess (there is no projectile involved)
- It's great value for money ... with no hidden extras (no extra paintballs to buy)
- There's more variety to our combat missions (several different gun types are available, each with their own special features)
- Our guns have tremendous range .. some fire over 200m (greater than Paintball and Airsoft)
- We can play at night .. for adrenaline junkies only!

Battlefield Live equipment is 100% portable, tough, weather-proof .. and can be used either indoors or outdoors.

It's fun for ALL THE FAMILY

There's no "I" in Team ...

Battlefield Live has been influenced by military training scenarios and modern computer games. These scenarios provide players the opportunity to overcome adversity together, and gain greater understanding of team cohesion and the value of communication.

The technology has been "time tested" by hundreds of thousands of players worldwide, including (locally) players from Cornwall Explorer Scouts, the Air Cadets, and Saltash.Net School and Devonport High School for Boys.

RISK MANAGEMENT ...

We have typically one Battlefield Manager and two Referees on duty. Our staff are CRB-checked. We run a Mission Briefing before each game starts and we ensure every player adheres to the rules, for their own safety. Battlefield Live carries £1million public liability insurance.

Accept the challenge

Leadership, camaraderie, & more

EXERCISE & ENTERTAINMENT ...

Battlefield Live offers a fun, safe, environment where 6-66 year-olds can build self-confidence, while trying their hand at new challenges and skills!

A unique team game, where men and women alike are introduced to lifelong values like character, integrity, teamwork and leadership.

If you have any questions please feel free to give us a call on **07530 644585.**
